SAHARA MOTORS GROUP

The 2025 Toyota Land Cruiser 79 Single Cab Pickup STD V6 stands as a testament to Toyota's legacy of durability, power, and purpose-built engineering. Designed for those who demand reliability in the toughest conditions, this vehicle combines old-school toughness with updated features and a commanding road presence. Its rugged design is enhanced by a bold front chrome bumper, colour-keyed chrome mirrors, and a snorkel that boosts off-road readiness. The 40th Anniversary package adds exclusive touches like LED front fog lamps and special badging. Its high ground clearance of 282 mm, robust steel side steps, and tubeless 225/95R16 tyres are built for tough terrains, while its 5235 mm length and solid body give it unmistakable presence and utility.

Inside, the Land Cruiser 79 blends practicality with understated comfort. The cabin features durable fabric seats, a two-person seating capacity with headrests, and a functional layout ideal for both work and long drives. The dashboard includes essential controls like a digital clock, meter illumination control, and an AM/FM stereo system with a single speaker. A 40th Anniversary wood panel trim and custom floor mats add a touch of style to the otherwise utilitarian interior. Power windows, power door locks, and keyless entry offer added convenience, while tilt and telescopic steering enhances driving comfort. Despite its rugged image, the interior delivers a functional and efficient experience.

Safety and driver support are key strengths of the 2025 Land Cruiser 79. Equipped with dual front airbags, ABS, Vehicle Stability Control (VSC), Brake Assist (BA), and Electronic Brakeforce Distribution (EBD), this pickup ensures high standards of occupant protection and control. Off-road aids such as Hill-start Assist Control (HAC), Downhill Assist Control (DAC), and Active Traction Control (ATRC) enhance drivability in challenging environments. The Tyre Pressure Monitoring System provides real-time alerts for added safety. Convenience features such as manual air conditioning, a day/night inner rearview mirror, intermittent wipers, and a lockable glove box improve daily usability. With thoughtful features that balance practicality and protection, this pickup is built to go the distance.
