The 2026 Mitsubishi Attrage GLX Premium is a practical and efficient sedan designed for comfortable everyday mobility, convenience, and modern urban driving. Powered by a 1.2L DOHC 12-valve MIVEC petrol engine with 1198 CC displacement, it produces 57 kW at 6000 RPM and 100 Nm of torque at 4000 RPM. Its CVT automatic transmission and 2WD system provide smooth operation for city streets, highways, and routine travel. With a 42-liter fuel tank, five doors, five seats, and a 1360 kg weight, the Attrage offers useful capacity for daily driving needs. Its 2550 mm wheelbase, 170 mm ground clearance, and compact dimensions support practical maneuverability for urban routes and longer journeys.

The Mitsubishi Attrage GLX Premium combines functional chassis equipment with convenient exterior features for confident everyday driving. It rides on 15-inch alloy wheels and features electric power steering for controlled handling. Exterior equipment includes a grey finish, keyless entry, LED headlights, LED daytime running lights, LED rear combination lights, front fog lights with bezel, a rear spoiler, and a rear-view camera. The braking system incorporates Anti-lock Braking System, Electronic Brakeforce Distribution, and Brake Assist, while Active Stability Control helps support vehicle stability. Hill-start Assist System, cruise control, Tire Pressure Monitoring System, and central locking add further convenience and control during varied driving situations. These features complement the sedan's compact footprint across varied road conditions.

Inside, the Attrage GLX Premium provides a grey cabin with five fabric seats and a semi-high-contrast speedometer with an information dashboard. The three-spoke leather-wrapped steering wheel features electric power steering, audio controls, hands-free phone operation, voice control, and cruise control for convenient access while driving. Manual air conditioning helps maintain cabin comfort, while adjustable armrests, power windows, USB connectivity, and a parking brake lever support everyday usability. Infotainment is provided through a 7-inch touchscreen display with smartphone link, hands-free phone system, voice control, voice recognition, and Digital Audio Broadcasting, supported by four speakers. Driver and passenger airbags, ISOFIX tether anchoring, and rear door child safety locks provide additional occupant protection for connected everyday travel.
