FOREX MOTORS FZCO

The 2026 BYD Song Plus PHEV Comfort 1.5L is a versatile five-seat plug-in hybrid SUV that combines efficient performance, advanced technology, practical comfort, and confident driving capability. Powered by a 1.5L plug-in-hybrid gasoline engine and electric motor, it delivers a combined maximum output of 261 HP and engine torque of 22.4 kg-m. The E-CVT transmission provides smooth power delivery, while MacPherson front and multi-link rear suspension, ventilated front disc and rear disc brakes, brake energy recovery, and distributed battery management support a comfortable driving experience.

Inside, the 2026 BYD Song Plus PHEV Comfort offers a modern cabin equipped for everyday convenience and connected driving. The interior features polyurethane seating, a power-adjustable six-way driver's seat, four-way manual passenger seat, urethane steering wheel with control switches, and a 12.3-inch full LCD multi-information display. A 12.8-inch electric rotatable entertainment system with nine speakers provides multimedia connectivity, while dual-zone automatic air conditioning with air purifier, intelligent voice control, wireless phone charging, four USB ports, cruise control, ambient lighting, and EV/HEV switching enhance passenger comfort and convenience.

The exterior of the 2026 BYD Song Plus PHEV Comfort combines contemporary SUV styling with practical equipment, including 235/50 R19 alloy wheels, LED headlights, LED daytime running lights, LED rear combination lights, panoramic sunroof with sunshade, electric trunk opener, roof rack, and shark-fin antenna. Power outer mirrors feature automatic folding, heating, and footlights, while smart entry, push-start functionality, remote control, power windows with jam protection, and pneumatic hood bonnet add convenience. Measuring 4775 mm long, 1890 mm wide, and 1670 mm high, with a 2765 mm wheelbase, the SUV offers balanced proportions.
