FOREX MOTORS FZCO

The 2026 Toyota Granvia Premium 2.8L Diesel 6-Seater Automatic is a premium MPV that combines powerful performance, luxury, advanced technology, and Toyota reliability, making it ideal for families, executive travel, and long-distance journeys. Powered by a 2.8-liter 4-cylinder common rail direct-injection diesel engine with a displacement of 2,755 cc, it produces 161 HP and an impressive 42.8 kg-m of torque. Paired with a smooth 6-speed automatic transmission, the Granvia provides refined and confident performance on city roads and highways. With MacPherson front suspension, 4-link coil rear suspension, ventilated disc brakes, 235/60R17 tyres, alloy wheels, and a 70-liter fuel tank, it offers a comfortable and dependable driving experience.

Comfort and convenience are at the forefront of the Granvia Premium's design. With a seating capacity of six, the interior features quilted leather upholstery and premium rear captain seats with power adjustment, heating, and long-slide functionality. The driver and four rear passenger seats are power-operated, while the driver seat includes vertical adjustment. Automatic front and rear air conditioning with a Nanoe ioniser, rear sunshades, rear armrests, three-colour interior illumination, LED reading lamps, and six rear USB charging ports keep passengers comfortable throughout the journey. The leather steering wheel with wood-grain and satin-chrome accents, wood-grain interior paneling, retractable table with cup holders, and power-sliding doors with easy-closer functionality add further refinement.

Technology and convenience are enhanced by an 8-inch navigation and multimedia system with Bluetooth, Android Auto, Apple CarPlay, and a 12-speaker audio system. A 4.2-inch TFT multi-information display provides essential driving information, while the digital rear-view mirror with rear-view display improves visibility. The Granvia also features a 4-camera Panoramic View Monitor, front and rear parking sensors, Blind Spot Monitor, Rear Cross Traffic Alert, smart entry, push-button start, power windows, and power door locks. Exterior highlights include LED headlights with auto-leveling, LED clearance lamps, LED front fog lamps, heated and power-retractable mirrors with turn signals, chrome door handles, a chrome and painted front grille, rear spoiler, and premium body styling. Safety is a major priority in the 2026 Toyota Granvia Premium, which comes equipped with Toyota Safety Sense (TSS) and a comprehensive range of active and passive safety technologies. Standard equipment includes driver, front passenger, and driver knee airbags, ABS, Vehicle Stability Control, Brake Assist, and Emergency Stop Signal. Advanced features such as the Pre-Crash System, Radar Cruise Control, Automatic High Beam, Lane Departure Alert, Lane Change Assist, Blind Spot Monitor, and Rear Cross Traffic Alert provide added confidence on every journey.
