FOREX MOTORS FZCO

The 2027 Mitsubishi Destinator Premium Line 1.5L 2WD 7-Seater Automatic is a dynamic and sophisticated SUV designed for drivers who value performance, comfort, technology, and versatility. Its bold exterior is highlighted by 18" alloy wheels, automatic LED headlights with manual leveling, LED DRLs, front fog lights, a panoramic sunroof, and distinctive rear combination lights. The refined design is complemented by chrome side-window molding, gloss-black grille, roof rails, power-folding mirrors with turn signals, and a hands-free power tailgate. Powered by a 1.5L DOHC MIVEC turbocharged petrol engine producing 120 kW and 250 Nm, the Destinator delivers smooth automatic performance through its 2WD system. With Normal, Wet, Gravel, Mud, and Tarmac drive modes, it is ready for varied driving conditions.

Step inside the Mitsubishi Destinator Premium Line and experience a spacious seven-seat cabin designed for comfort, convenience, and connectivity. Synthetic leather seats with anti-temperature rise function and a power-adjustable driver's seat provide a comfortable driving environment, while dual-zone automatic climate control and rear air vents serving the second and third rows help maintain a pleasant cabin temperature. A 12.3" display with smartphone connectivity, eight-speaker Yamaha premium audio, voice recognition, hands-free telephone functionality, and a leather-wrapped steering wheel with audio controls keep entertainment and communication within easy reach. The panoramic sunroof adds an airy feel, while wireless smartphone charging, push start, cruise control, electric parking brake with auto hold, and a cooling floor console box add everyday convenience for every journey.

The 2027 Mitsubishi Destinator Premium Line prioritizes occupant protection with a comprehensive range of active and passive safety technologies. Equipped with ABS, EBD, Brake Assist, Active Stability Control, Traction Control, Hill Start Assist, and multiple airbags, it helps provide confidence and control during everyday driving. Blind Spot Warning, Lane Change Assist, Rear Cross Traffic Alert, a 360-degree view camera, and front and rear parking sensors provide additional awareness around the vehicle. Emergency Call, Emergency Stop Signal, speed-sensing central locking, impact-sensitive unlocking, rain-sensing wipers, and an anti-theft engine immobilizer further enhance security. Measuring 4,680 × 1,840 × 1,780 mm with a 2,815 mm wheelbase, 214 mm ground clearance, and 2,090 kg weight, the Destinator delivers modern technology, practicality, and family-focused versatility.

A close-up photograph of a car's interior dashboard area. Two red arrows point from text labels to specific buttons. The first arrow points to a button with a headlamp icon, labeled 'HEADLAMP LEVELLING'. The second arrow points to a button with a car icon, labeled 'TRUNK RELEASE BUTTON'. Below these buttons is a rectangular storage compartment. In the lower right, the accelerator and brake pedals are visible. The background is a solid blue color with white text and icons.
