FOREX MOTORS FZCO

The 2027 Mitsubishi ASX GLX Luxury Highline combines practical performance, advanced 4WD capability, and premium comfort in a versatile 5-seater SUV. It is powered by a 2.0-liter DOHC 16-valve MIVEC petrol engine, producing 150 PS at 6000 RPM and 20.1 kg-m of torque at 4200 RPM. The engine is paired with an INVECS-III CVT and Mitsubishi's electronically controlled multi-select 4WD system, which offers both 2WD and 4WD Lock modes for different driving conditions. A push-button drive mode selector, paddle shifters, cruise control, Hill Start System, Active Stability Control, Brake Assist, and Downhill Assist further support confident driving. With a 60-liter fuel tank and 18-inch alloy wheels, the ASX is designed for comfortable daily driving as well as varied road conditions.

Inside, the ASX GLX Luxury Highline offers a premium and comfortable cabin with leather seats and heated front seats, while the driver benefits from 4-way power adjustment. The panoramic laminated glass roof creates a spacious feel, and the 60:40 split-folding rear seats provide additional flexibility when carrying passengers or larger items. Fully automatic air conditioning with rear heater ducts and an air filter helps maintain a comfortable cabin environment. The 8-inch touch-panel Rockford Fosgate audio system provides premium entertainment through 9 speakers, while DAB, smartphone link display audio, USB ports, hands-free functionality, and voice control provide convenient connectivity.

The exterior of the 2027 Mitsubishi ASX GLX Luxury Highline features a modern and practical design with LED headlamps with levelling functionality, LED daytime running and position lamps, a rear fog lamp, and an LED high-mount stop lamp. The ASX also includes variable intermittent front wipers with intelligent washers, a rear intermittent wiper and washer, laminated green windshield glass, and a rear-view system with back warning. Safety equipment includes ABS with EBD and Brake Assist, Active Stability Control, Hill Start System, Brake Override System, driver and front passenger airbags, child-proof locks, an immobilizer, and a brake assist system. With its combination of 4WD capability, premium interior features, modern technology, and practical design, the 2027 Mitsubishi ASX GLX Luxury Highline is well suited for city driving, family use, and changing road conditions.

A close-up photograph of a car's center console featuring a black leather-upholstered automatic transmission gear shifter. The shifter is positioned in the 'P' (Park) position. The gear plate is black with silver lettering for 'P', 'R', 'N', 'D', and 'L'. A red arrow originates from a text box labeled 'AUTOMATIC TRANSMISSION' and points directly to the 'P' gear. Above the shifter, a circular '4WD' button is visible. The surrounding console area is finished with black leather and white stitching.
