The 2026 Toyota Tundra CrewMax Platinum 1794 Package 3.4L 4WD Automatic combines powerful performance, premium comfort, and impressive capability in a full-size pickup truck. It features a 3.4L i-FORCE twin-turbocharged V6 petrol engine with port and direct injection, DOHC technology, and variable valve control, producing 389 HP at 5,200 RPM and 650.3 Nm of torque at 2,400 RPM. The engine is paired with a 10-speed automatic transmission featuring overdrive, selectable drive modes, and sequential shift control. Its part-time 4WD system, two-speed transfer case, electronic transfer case shift, and traction control help deliver confident performance across different driving conditions.

The exterior features a bold and refined design with 20-inch machined alloy wheels, a dark chrome grille, body-coloured front and rear bumpers, and a practical rear bumper step. Its spacious four-door CrewMax cabin accommodates five passengers, while the composite pickup bed offers a cargo box length of 1,677 mm and a payload capacity of 745 kg. With a maximum towing capacity of 5,010 kg, a 122-litre fuel tank, and a maximum ground clearance of 277 mm, the Tundra is well suited to demanding work and long-distance journeys. Additional features include a power-operated tailgate, pickup bed rail system, trailer brake controller, trailer sway control, and a panoramic-style dual-row sliding and tilting glass sunroof with a power sunshade.

Inside, the Tundra Platinum 1794 Package delivers a premium driving experience with leather-trimmed comfort features, heated front seats, heated and cooled rear seats, power-adjustable front seats with lumbar support and massage functions, and a heated power tilt-and-telescopic steering wheel. Technology highlights include a 14-inch touchscreen, a 12.3-inch digital instrument cluster, a head-up display, integrated navigation, wireless Apple CarPlay and Android Auto, wireless charging, and a JBL 12-speaker sound system. Safety and driver-assistance features include eight airbags, blind spot monitoring, lane departure alert with steering assist, pre-collision assistance, rear cross-traffic alert, a panoramic view monitor, front and rear parking sensors, and dynamic radar cruise control. Combining strength, advanced technology, and upscale refinement, the 2026 Toyota Tundra CrewMax Platinum 1794 Package is an excellent choice for buyers seeking a capable and luxurious full-size pickup.
