The 2027 Toyota Hilux Double Cab Pickup Premium combines dependable petrol performance, rugged capability, and everyday versatility. It is powered by a 2.7L four-cylinder DOHC VVT-i petrol engine, producing 164 HP at 5,200 RPM and 245 Nm of torque at 4,000 RPM. A 6-speed automatic transmission and four-wheel-drive system provide smooth power delivery and traction across varied driving conditions. The Premium rides on 18-inch alloy wheels with 265/60R18 tyres. It accommodates five passengers and features an 80-liter fuel tank, making it suitable for work, business, family travel, and recreational use for everyday driving needs.

The exterior features LED projector headlamps with welcome daytime running lights, automatic headlamp leveling, LED rear lamps, and LED front and rear fog lamps. Additional details include a silver-accented front bumper, gloss-black power-adjustable mirrors with integrated indicators and automatic retraction, side steps, a bed liner, and external deck hooks. The double-cabin body measures 5,320 mm long, 1,855 mm wide, and 1,865 mm high. Inside, the cabin offers high-grade fabric seats, ventilated separate front seats, automatic climate control, and a 12.3-inch multi-information display. A multifunction steering wheel, wireless smartphone charger, rear air conditioning, auto-dimming rearview mirror, power windows, and practical storage features enhance everyday comfort and convenience for drivers and passengers.

The Hilux Premium features a 12.3-inch touchscreen audio system with wireless Apple CarPlay and Android Auto, digital audio broadcasting, USB-C connectivity, and eight speakers. Its cabin also includes steering wheel controls, front and rear cup holders, an overhead console, a cooling glove-box vent, and an IR-cut glass windshield and windows. ECO and POWER drive modes, cruise control, and hydraulic power steering support convenient driving. Safety equipment includes driver, driver-knee, and front-passenger airbags, ABS, electronic brakeforce distribution, vehicle stability control, and an electric parking brake with brake hold. A tire pressure monitoring system, engine immobilizer, rear differential lock, front and rear parking sensors, and a four-camera panoramic view monitor provide added assistance.
